

DYNAMITE BOMB MISSED VICTIM

Former Adjutant General Of Colorado Not Injured By The Deadly Missile.

TRIED TO ASSASSINATE HIM TODAY

Had Been Prominent In Suppressing Labor Troubles And In Prosecuting Officers Of The Western Miners' Association.

[BY ASSOCIATED PRESS.] Telluride, Colo., March 28.—An attempt was made this morning to kill former Adjutant General Bulkeley Wells of Colorado in much the same manner as Governor Huenenberg of Nevada was killed by Harry Orchard, the self-confessed murderer and tool of the Western Federation of Miners' Association.

Dynamite Bomb
That General Wells escaped death and even came out of the explosion without a scratch is considered remarkable. The would-be assassin had prepared either a stick of dynamite or a dynamite bomb and placed it under the porch upon which Wells slept.

Thrown Many Feet
The explosion occurred early in the morning before the family had awakened and the shock blew in the side of the house, wrecked the porch and threw Wells several feet, but did not injure him nor was he hurt by his fall.

among the debris of the house. He has been prominent in the suppression of labor troubles of 1904 and 1905. Wells was in charge of the Colorado militia and was prominent in putting down the disturbances in the mining districts, being most cordially hated by the labor leaders whom he ordered arrested and driven out of the state.

Later Work
He has also been intensely interested in the prosecution of the officers of Western Federation of Miners at Boise, which has resulted in the conviction of Harry Orchard. He was prominently identified in the work of convicting the men on trial.

Knew Habits
It is evident from the fact that the dynamite was placed under the porch upon which Wells slept, that his would-be assassin was familiar with his habit of sleeping out of doors and that the plot was premeditated, probably by personal enemies.

Wall Street—Great Glory! I've nearly starved to death because you haven't come along sooner. Prospects seem much better to Wall Street than in many months.—News Item.

EXTRA! TWO MEN KILLED BY A BOMB THAT WAS HURLED BY

Demonstrator Into Mob at Union Square, New York, That Were Fighting.

[BY ASSOCIATED PRESS.] New York, March 28.—It is reported two men were killed in a battle between the police and ten thousand men and women who congregated in Union Square this afternoon to take part in a "Demonstration of Unemployment."

The men were killed by a bomb thrown into the crowd by one of the demonstrators. Several other persons were injured.

A great crowd had gathered in the square, many persons carrying anarchist banners and wearing red hats. When the police, 150 strong, most of them mounted, descended upon the crowd, the marchers under the leadership of several women, began to sing the "Marseillaise."

The air was taken up by the crowd and in a moment the volume of the song drowned every other sound in the big square.

The sound appeared to be a good natured one, however, and there was little resistance offered to the police and the throng began to move away in different directions on the sidewalks and the side streets and gradually the song died out.

From time to time the jeering and singing crowds would defy the police only to break away and run for safety when the officers turned upon them and within a few minutes the squad had practically cleared the square and it was believed that the trouble was at an end.

At 3:30 the rioting was still in progress but gradually the police lines were withdrawn and then the crowd began to gather in front of the park.

Suddenly a man followed by a big crowd rushed into the square. The newcomers hurried directly to the crowd in front of the park and the man in the lead hurled a bomb into the midst of the gathering crowd which flew in terror at the sound of the explosion, leaving several of the number lying on the sidewalk.

Two of these are dead. Some of the others are seriously hurt.

Sellie Silverstein, aged 39, whose home is in Brooklyn, is believed to have thrown the bomb. He was taken to a hospital dying. His right hand was blown off and one leg almost severed. Following the explosion the police rounded up and arrested a patrol wagon load of suspects.

CAPTURE GANG OF YOUTHFUL ROBBERS

Boys Who Have Been Stealing Chickens in Green Bay Were Arrested.

[BY ASSOCIATED PRESS.] Green Bay, Wis., March 28.—Police Officer Burke last night rounded up a part of the gang of chicken thieves who have been operating in this city for several weeks. Three boys ranging in age from thirteen to eighteen years were arrested and this morning they confessed to Officer Hawley.

The boys who confessed are Otto Morrow of this city and Earl Clary and Hubert Vincent who ran away from their homes at Port Atkinson. The police believe that in the neighborhood of one hundred chickens have been stolen. The boys disposed of these to butchers and they will be arrested and prosecuted.

ALDRICH BILL IS PASSED BY SENATE

Washington, Mar. 28.—The Aldrich currency bill, was passed by the senate Friday by a vote of 42 to 10, in the main a party vote.

Previous to the taking of the vote on the Aldrich bill a vote was taken on the Bailey substitute, authorizing the government, instead of the national banks, to issue the emergency currency for which the bill provides. The vote on the substitute stood 42 to 13, and this vote was entirely partisan, even Senator La Follette casting his vote with the Republicans. The bill has been before the senate since January 2. The vote was not reached until after six p. m. and the galleries were practically empty.

An interesting feature of the passage of the bill was a retort by Mr. Aldrich of his promise to bring in a bill for an investigation of the entire banking system of the country with a view to instituting reforms.

Emergency Currency Clause.
As passed, the bill provides for not more than \$500,000,000 of emergency currency, to be issued to national banks upon the deposit by them of state, county and municipal bonds to be approved by the secretary of the treasury. The currency is to be issued with a view to securing an equitable distribution of the currency over the United States, and in accordance with the unimpaired capital, and surplus of banks in each state. Banks are to pay for this emergency currency one-half of one per cent, a month during the first four months it is circulated and afterwards three-fourths of one per cent, a month.

The bill provides that national banks shall pay not less than one per cent, on government funds deposited with them.

Change as to Bank Reserves.
An amendment to the bill carries an important change in banking laws relating to bank reserves. This amendment provides that of the 15 per cent reserve required to be kept by banks not in reserve cities, four-fifths is to be kept in the vaults of the banks and of that amount one-third can be in the form of securities of the kind required.

At the instance of Mr. La Follette, an amendment was adopted prohibiting any national bank from investing its funds in stocks or other securities of a corporation, the officers or directors of which are officers or directors of the bank, and providing a penalty of imprisonment of from one to five years. In accepting this amendment Mr. Aldrich stated that he had not time to consider the amendment fully, but was in sympathy with its general purpose.

How the Senators Voted.
Following was the vote on the passage of the bill:

Yeas—Aldrich, Aiken, Beveridge, Brandegee, Burkett, Burnham, Burrows, Crane, Cullum, Curtis, Dawes, Dick, Dillingham, Dixon, Dooliver, DuPont, Ekins, Flint, Frye, Gallinger, Gamble, Guggenheim, Hopkins, Johnston (Dem.), Keane, Knox, Lodge, Long, McCumber, Nelson, Owen (Dem.), Perkins, Piles, Richardson, Smith, of Michigan; Smoot, Stephenson, Sutherland, Teller, (Dem.); Warren, Warren and Wetmore. Total, 42.
Nays—Bankshead, Borah, (Rep.); Bourne, (Rep.); Brown, (Rep.); Culberson, Frazier, Gary, Gore, Hayburn, (Rep.); La Follette, (Rep.); McCreary, McNary, McLaughlin, Overman, Paynter and Taylor. Total, 10.

KINDERGARTNERS TO GATHER THIS WEEK

International Kindergarten Union to Meet in 15th Annual Convention.

[BY ASSOCIATED PRESS.] New Orleans, La., March 28.—Men and women interested in the work of training the young idea how to shoot will be much in evidence in the Crescent City during the coming week. The International Kindergarten Union, the foremost organization of its kind in the world, will assemble here in its fifteenth annual convention next Monday for a session of four days.

Many of the delegates to the convention are already in the city. They come from all parts of the United States and Canada, and some from other countries. Among them are men and women of wide prominence. The French Opera House has been engaged for the public sessions of the gathering. Side conferences will be at Tulane University, at the Isidore Newman Manual Training School and at other places. Principals and teachers of kindergarten training schools, normal schools and other educational institutions in Chicago, Grand Rapids, Milwaukee, San Antonio, Boston, New York, Charleston, S. C., and many other cities are among those who will present addresses or papers before the convention.

BEACON LIGHT LOST IN DRIFTING FLOES

Mariners' Guide in Green Bay Washed Away by the Drifting Ice Today.

[BY ASSOCIATED PRESS.] Green Bay, Wis., March 28.—The heavy blocks of ice added by a strong wind from the southwest tore the Beacon Light station located at the channel on Green Bay from its moorings last night and carried it out several miles into the bay. Thus far the exact location of the light station is not known and a search is now being made for it.

KILBOURN DAM HAS BEEN HALF BUILT

Taken Eighteen Months Thus Far to do the Work as Far as It Has Been Finished.

[BY ASSOCIATED PRESS.] Kilbourn, Wis., March 28.—A glacial enterprise which is being rushed to completion in Wisconsin is the construction of a dam across the Wisconsin river near this city. Eighteen months ago the work commenced and it will take nearly as much more time to complete it if the conditions remain as favorable as they have been in the last eighteen months.

FARMERS ORGANIZE LARGE ASSOCIATION

Will Join With the State Experimental Department to Promote Mutual Interests.

[BY ASSOCIATED PRESS.] Fond du Lac, Wis., March 28.—About fifty farmers met here this morning and organized the Fond du Lac Agricultural Association to cooperate with the Wisconsin Experimental Association in securing better agricultural conditions. The officers elected were: President, J. D. Benzollet of Eden; vice president, Henry Whitaker, of Fond du Lac, and secretary-treasurer, Henry Michals of Calumet.

LEAGUE TO FIGHT TAFT ENDORSEMENT

Republican State League of Georgia Will Oppose Big Secretary.

[BY ASSOCIATED PRESS.] Atlanta, Ga., March 28.—Chairman Walter H. Johnson called together the members of the republican state central committee of Georgia today to fix the time and place and make arrangements for holding the state convention to name delegates to Chicago. It is taken for granted that the committee will give its endorsement to Roosevelt and Taft, as the friends of the administration are in entire control of the committee. The organization known as the Republican State League, however, is already preparing to fight any endorsement of Taft in the state convention and rival delegates to the national convention probably will result.

NEWS FORECAST OF THE COMING WEEK

Political Campaigning Will be Principal Thing of Interest Next Week.

[BY ASSOCIATED PRESS.] Washington, D. C., March 28.—Many events of news interest are scheduled for the next seven days. In the foreign field there will be the usual routine of politics in England, Germany and other countries and the parliamentary elections in Portugal, the first to be held under the new regime. Nearer home there will be a great deal doing in the way of politics, including the first of the presidential conventions, that of the People's party and other reform organizations at St. Louis. Indiana republicans will meet at Indianapolis and Arkansas republicans at Little Rock. The New York presidential primaries will be held Tuesday.

William J. Bryan will begin the week by speaking Monday night at a banquet in Kansas City. He will receive the democratic and Populist editors of Nebraska at Lincoln the following day and later in the week will start on an extensive tour of Iowa, Kansas, Colorado and Nebraska.

Secretary Taft will spend the latter part of the week in the Middle West, visiting Columbus, Chicago and other points.

The important conventions of the week will include those of the International Kindergarten Union in New Orleans, the National Child Labor conference in Atlanta, and a conference in Chicago of railroad officials and brotherhood men to take up the dispute arising under the new sixteen-hour law.

Of interest to lovers of sport and athletics will be the championship wrestling contest at Chicago between Frank Gotch and George Hackenschmidt, the United North and South championship golf tournament at Pinehurst, the annual Oxford-Cambridge university boat race in England and the opening of automobile shows in Pittsburgh and Montreal.

ELGIN MAN BROWNED IN FLORIDA BAYOU

Arthur Lathrup, of Elgin, Illinois, Thrown from Horse and Carried Out by Undertow.

[BY ASSOCIATED PRESS.] Mobile, Ala., March 28.—Arthur Lathrup, a young man from Elgin, Ill., was accidentally drowned yesterday afternoon in the Bayou Texas near Pensacola. Lathrup attempted to ride his horse into the bayou and when thrown fell into the undertow and was carried out into deep water.

BROTHERHOODS WILL HAVE A CONFERENCE

Locomotive Firemen and Enginemen Representatives Gather For Important Meeting.

[BY ASSOCIATED PRESS.] Washington, D. C., March 28.—Representatives of the Brotherhood of Locomotive Firemen and Enginemen, of which President Roosevelt is a member, are assembling in the capital for an important conference, which will open tomorrow and continue over Monday. The convention will be addressed by John J. Hannahan, the grand master of the organization; E. P. Sargent, commissioner general of immigration; C. V. Bowdler, of the bureau of immigration and naturalization; Charles P. Noll, commissioner of labor, and Samuel Gompers, president of the American Federation of Labor.

According to a widely circulated report, the convention will mark an epoch in the entry of the American Federation of Labor into the forthcoming presidential campaign. Recent adverse decisions from the courts and the failure of congress to pass remedial legislation have, it is said, led President Gompers and other national leaders of organized labor to the determination that active participation in politics is the only course left for them to pursue.

While the railroad men are not officially affiliated with the American Federation of Labor, labor men say the firemen and enginemen will affiliate politically with the federation. That is, the two organizations will unite to combat the enemies of organized labor, be they republicans or democrats. The Brotherhood alone comprises a membership of 500 firemen and 2,400 locomotive engineers.

ILLINOIS DISTRICT FEELS THE BLASTS

Of Severe Wind and Electrical Storm During the Night—Much Property Damaged.

[BY ASSOCIATED PRESS.] Peoria, Ill., March 28.—A storm which struck this part of the state last night did most of its damage at Pekin, where residences, barns, outbuildings and one distillery were destroyed. The loss is estimated at a hundred thousand dollars. Many narrow escapes from death occurred.

STORM HITS STATE OF INDIANA TODAY

Reports from Indianapolis Show That Much Damage Has Been Done There.

[BY ASSOCIATED PRESS.] Indianapolis, Ind., March 28.—A damaging storm has swept over Indiana early today doing much damage to buildings, wires, and trees. Wires are down in all parts of the state.

MRS. ROOSEVELT HAS REACHED VICKSBURG

Party Drove Out to the National Park Today and Will Then Go to New Orleans.

[BY ASSOCIATED PRESS.] Vicksburg, Miss., March 28.—Mrs. Roosevelt and party arrived here this morning and at once started for a drive in the National Military park. The Mayflower is expected to leave with the party for New Orleans this afternoon.

CHESTER GILLETTE TO DIE IN THE ELECTRIC CHAIR

Execution Will Probably Occur During The First Part Of Next Week.

[SPECIAL TO THE GAZETTE.] Albany, N. Y., March 28.—There appears to be but a short span of life remaining for young Chester Gillette, the young man who, in the theory of the prosecution and the opinion of the court of appeals, beat his pretty young sweetheart upon the head and face with his tennis racquet, tumbled her unconscious body into the lake and fled through the woods to keep his appointment with another girl. The victim of the dark tragedy was Miss Grace, or "Billy," Brown, whose pathetic letters read at the trial aroused a feeling of sympathy and indignation throughout the country. Unless Governor Hughes extends clemency, and there appears to be slight probability that he will interfere, the young murderer will pay the penalty for his crime in the electric chair in Auburn prison early in the coming week.

Gillette's crime was one of the most atrocious in the criminal records of New York. According to the evidence, he enticed Miss Brown, who was about to become the mother of a child of which he has never denied the paternity, to Big Moose lake, in the Adirondacks, taking her out in a boat to a lonely part of the lake, beating her with his tennis racquet or some other weapon, and throwing her unconscious body into the water, where it is alleged drowning completed the work of murder.

The date of the alleged murder was July 11, 1906. About two years prior to that time Chester Gillette had come from Seattle, Wash., to enter the business of N. H. Gillette, an uncle, a wealthy shirt manufacturer of Cortland. The young man was handsome, gay, and spent money freely, becoming a popular beau among the young women. He was the teacher of a class of them in the Sunday school there.

Very naturally, Gillette appealed very strongly to the immature imagination of Grace Brown, daughter of Frank B. Brown, a respected farmer of South Otsego. She was 20, had light brown hair, was slight, winsome, and a favorite with the young men of the neighborhood. Among all her friends she was known as "Billy" and Brown. Grace worked in the shirt factory of the Gillettes. Flattered by Chester's constant attentions, she gave him her confidence. He basely betrayed her trust.

Early in the summer of 1906 the

young girl surprising her friends by giving up her position and going home. The parents soon noticed that their daughter had some hidden sorrow. There was frequent correspondence between her and Gillette, being pressed by her mother, she said she was engaged to marry the young man. Meanwhile she busied herself making a wardrobe.

She returned to Cortland, but did not go to work. Gillette then announced that he would take his vacation in the mountains. The girl went with him.

Two days later "Billy" Brown's distorted body was picked up by woodsmen on the shore of Big Moose lake. Physicians said that the girl might have died before her body entered the water. An upturned boat was found in a dark, lonely cove near the scene.

The authorities soon learned that Gillette had been with the girl in the boat, and at last they located him as he sat lazily drowning on the piazza of a summer hotel on Fourth lake. He expressed neither surprise nor emotion at his arrest. He explained that he had dropped his hat in the water and the boat overturned while he was trying to recover it. He righted the boat and clung to it. The girl lost her grasp and went down. It was only an accident, he contended. Why he had not reported the accident he did not explain. Subsequently he said that "Billy" had voluntarily jumped from the boat and was drowned. He could offer no satisfactory explanation, however, of the finding of his tennis racquet, spotted with blood.

Gillette was convicted at Herkimer, Dec. 4, 1906, and was sentenced to be electrocuted in the week beginning Jan. 28, 1907. Shortly after that a stay was granted for an appeal. The court of appeals unanimously upheld the verdict of the trial court. The opinion of this court of appeals riddled Gillette's story of the tragedy; to the effect that the girl had voluntarily jumped from the boat and was drowned. By Gillette's own evidence, as viewed by the court, "We see Gillette emerging from his catastrophe, where he made no outcry for help, and with apparent composure turning to other pursuits, while he left the body of the woman he says he loved better than any one else and intended to marry, lying unrecouped and unthought at the bottom of the lake."

AGED MAN WANDERS INTO CREEK; DROWNS

John A. Patterson of Beloit Stole Out of Home During Night While Mentally Disturbed.

[SPECIAL TO THE GAZETTE.] Beloit, Wis., March 28.—Mentally unbalanced as the result of pneumonia two months ago John A. Patterson, aged eighty-one years, stole out of his home in South Beloit last night and wandering about that section of the city fell into Turtle creek and was drowned. Patterson has been ailing ever since his sickness and there is no evidence of suicidal intent in his death. At half past one o'clock this morning his wife was awakened by noise at the window. On investigation she found her husband had stolen from bed and left the house by the window. She aroused other members of the family and they with neighbors went in pursuit. Patterson disappeared in the darkness of the night and all efforts to find him were futile. This morning at eight o'clock his body was found floating in Turtle creek. The discovery was made by Harry Shirley, a fireman on the Beloit car line. It is believed that Patterson was looking for the home of a son who formerly lived in that neighborhood. The corner of Winnebago county was called from Rockford, as the drowning occurred in Illinois, and he found that the aged man came to his death by drowning and exposure.

Phantom Lake For Boys.
Secretary Hanson of the local Y. M. C. A. returned this morning from Milwaukee where he attended a meeting of Wisconsin secretaries and reported that Phantom Lake, near Mukwonago, Wis., had been selected as a camping place for the juniors of associations throughout the state. Formerly each association had its own camp at some resort but this year the whole state is to have one camp.

Objector Not in Running.
Leo Cook received first place and Miss Carrie Allen second in the high school declamatory contest last evening and the former will represent Beloit in the Rock county competition. Thomas Sharkey who objected to the participation of Arthur Karstadt. In the contest did not secure a place. It was finally agreed previous to the contest that Karstadt should not take first place though he should be given honorable mention if he deserved the honor.

MRS. FENTON HAS
ANOTHER LETTER

WRITES FROM ROBERTSVILLE ON
JANESVILLE COLONY.

WRITES OF NEW HOME

Interesting Pen Picture of Former
Janesville People Now Making
Their Home in Sunny South.

Robertville, Ala., March 25, 1908.

Dear Gazette: My only apology for
coming again so soon is that I want
to tell a few of my friends, who of
course are your readers, about a lit-
tle trip I recently made in company
with two of my daughters, Mrs. Brand
of Milwaukee and Miss Fenton of
Janesville. After I have told my story
I think I shall retire from the field, in
view of the fact that Miss Norcross,
who is also in the southland, can give
you much better descriptions of cli-
mate, resources, industries, and so
forth, than I could ever hope to do.
Everybody in Janesville, and every-
where else, has always known that he
is superlative as a story teller, and
now they are fast finding out that he
isn't very slow as a letter writer. I
want to tell you that it is only for the
benefit of those of my friends who
have never heard of the southland, and
who have never been away from their
own hearthstones. The traveled
man may turn to other columns of the
paper for their evening's diver-
sions. The trip I am going to tell you
about is just a thirty-mile drive from
our place to Pensacola, Florida. We
left here in the morning of one day
and returned the afternoon of the
next. The road is called the "wire
road" as it follows the telegraph wires
all of the way, and, for this country,
is a good one, many miles of it being
hard and smooth as a pavement, while
some of it is covered with sand to
quite a depth. The drive was pleas-
ant and at that time March 12, peach,
pear and plum trees were at their
best. A long stretch of the road is
red, about the color of soft, burned
brick, and branching off from the main
road are innumerable private roads or
trails leading to cabins back in the
woods. These branch roads strike one
as rather queer in that they, instead
of being red, are as white as sand on
the ocean beach. The little wild dew-
berry vines add a great deal to the
beauty of the drive, because they no
more recognize law or order than do
the wild beasts, but, with their glossy
green leaves and large white blossoms
covering long trailing vines, they run
riot over fallen logs, around blackened
stumps, and even run across the sandy
road. The wild blackberry bushes are
also to be found everywhere, but they
are only in the bud. Strawberries are
ripening and give promise of immense
crops. To get into Florida from here
a ferry is used over the Perdido River.
There the scenery is indeed beautiful,
being made up of a wealth of native
vines, trees and bushes all in full
bloom. Some of the trees at the wa-
ter's edge grow after the style of our
tropicals, but the tops are covered with
great spikes of bloom, shaped like a
cone, at the base of which the buds
are pink, but at the point the bloom is
white. The trees are, in addition to
the tall pines, persimmon, scrub oak,
live oak, and acycamore. The bushes
are a revelation to me and as our drive
came from Iowa he couldn't enlighten
us as to their names, but all I can
say about them is that their beauty is
great and fragrance greater. Around
the ferry house on many live oak trees
whose branches are completely hidden
by coils of air moss. This moss, at
this time of year, is grey in color, and
the long pieces, as they are swayed by
the wind, remind me of tattered
chiffon. For myself I see no beauty in
it, but as a curiosity it is a success.
Arriving at Pensacola, the first thing
to attract one's attention, is the pecu-
liarity of the soil in the door yards
of the smaller houses. It is all white
sand, and there is no attempt at vege-
tation, unless I mention a peach tree
growing right in this sand—but no
grape or other green growth. In the
residence part of the city are lawns,
not as velvety as ours, still they do
deserve to be called lawns, and palms,
orange trees, immense beds of Eng-
lish violets, and all kinds of sweet
shrubs grow in profusion. They claim
a population of 25,000 and if the
adults figure up in the right proportion
to the small children, and little white
babies, who are everywhere compli-
menting in their parents' apparel, by
young colored girls, I think the claim
is just one. There are many good
residences, a great number of substan-
tial churches, and good business
blocks, but if you want a good place to
view the tall masted boats on the Gulf
of Mexico, I would advise you to
climb the hill overlooking it, and then
you can sit and gaze out to sea for
miles and miles. Of course the sand
on the beach is no whiter than on any
other beach, but you will remember
I'm talking only to those who haven't
had trips to the ocean, and I want to
say that if I had felt at all homesick
for a sight of snow this winter, I
could easily imagine these great drifts
of pure white sand to be near enough
like snow to cure the homesickness.
This high hill is the home of the sol-
dier boys, for the government naval
buildings crown its summit. The hill
itself is beautiful and it presents an
amazing appearance. The side toward
the Gulf has a thick growth of grass,
but this is thickly studded with scar-
let and crimson blossoms of dwarf
phlox. On the crest of the hill are
the soldiers' barracks and all of the
necessary buildings, drill grounds, and
so forth. Between the buildings are
immense live oak trees, with wide
spreading branches affording seats for
a good many people, and being of
easy access from the ground. In some
of the trees there of box seats have
been made by human hands, but the
natural ones appeal more strongly to
me. Then there are palm trees, and
a long row of some other kind of a
tree recently set, but as I can't find
from its bark what its name is, you are
to be no wiser than I. At present they
look more like hop or bean stalks than
trees as they are tall and straight with

no foliage or branches. In front of
many of the buildings are long beds
of candytuft and sweet alyssum in
their green and white simplicity.
Marigolds, Nells and beautiful red and
pink roses in great profusion help to
beautify the grounds. Of course the
large guns, with piles of cannon balls
between them, are also on the grounds
and Old Glory proudly waving over all.
On an adjoining hill is the old Spanish
fort of early wars. While on the
grounds we had an opportunity to wit-
ness the cadets at drill. The time
we spent there was altogether too
short to learn very much about the
place, but we had a glimpse of the
buildings at the front of the hill, but
not even that much of those farther
back. After leaving there we visited
a few places in another part of the
city, about the only thing of interest
being the small park in the center of
the city, guarded by cannon, stand-
ing tall. In memory of our Confed-
erate dead. On the wharf tons of fish
and oysters in the shell are piled, and
in the restaurants the oysters, instead
of being in bulk in tubs, are piled up
in their shells on the counters. Of
course they don't need ice on them as
they got only a few at a time, and as
often during the day as they need
them. In one restaurant we sampled
their ice cream, but it bears no rela-
tion to Shurtleff's best. For climate,
I think I prefer going around in my
slippers and summer clothing though,
to fighting March winds in Wisconsin.
Since March 1st with the exception of
a few cold days (53 above zero) we
have had very hot weather. Last Sun-
day's deluge cooled the air, but it is
getting back to hot weather again now.
Since my last letter to you, I've had
greetings from all schoolmates who
left Janesville thirty-one years ago
and is living at Mount Vernon, Wash-
ington, now. Some of you old second
warriors will remember Francis Hieck-
ox and be glad to hear from him. I've
already out-written my welcome and it
is time to stop, but I'll just say if
any of you want a quiet visiting place,
where nature builds all her insects on
a generous plan, our farm road is
open to you, and if our old dog is too
slow for you to ride after, you might
hitch a pair of mosquitoes to the cart,
and then you'll surely go home.
With more good wishes.
ROSE ALDEN FENTON.

Link and Pin

Northwestern Road.
The second section of train No.
686 ran via Janesville instead of
Harvard last night on account of re-
pairs to the engine.

Engineer J. L. Walters is relieving
Engineer Boltz and Fireman Malon-
Kroy and Chicago runs.

A work train will be put on Monday
for the purpose of ballasting the re-
mainder of the double track between
Janesville and the new yards. Gravel
for the work will be hauled from the
Carry gravel pit. About one hundred
men will be employed on the job
which will take two or three weeks.

Flagman John Dohes is laying off
today on account of illness.

Engineer J. M. Smith is laying off
and engineer Shumway relieved him
this morning on No. 688.

Fireman C. A. Yates dispatched en-
gines at the round house last night.

Fireman Lewis relieved Fireman
Yates on switch engine 219 last night.

Engineer R. H. Prosser went to
Chicago today on business.

St. Paul Road.
Fireman McAllister was back on
switch engine No. 3 last night after
being released for one night by Fire-
man McDonnell.

Engineer Mead and Fireman Corne-
lius went out on 65 this morning with
engine 612.

Engineer Hawthorne and Fireman
Kelly were on No. 194, engine 1611.

Engineer Boltz and Fireman Mahon-
ey made run 91 today with engine
625.

HORSE-TRADE WAS
ANNULLED BY JURY

Trying the Town of Johnston Action
of Zimmerman vs. Schmaling in
Judge Tallman's Court.

Owing to the large number of wit-
nesses and spectators, the trial of the
horse-trade repudiation action of Ferdi-
nand C. Zimmerman vs. John Schmaling,
which was to have taken place in
Judge Stanley D. Tallman's court
room yesterday afternoon, had to be
transferred to the municipal court
chambers. A jury consisting of Bert
Gage, David Clark, Thomas H. Edson,
Hugh Dugan, Edward Joyce, and But-
ton Norris was agreed upon by the
contending attorneys—Charles Pierce
for the plaintiff and J. J. Cunningham
for the defendant. The parties to the
action reside in Johnston. On the
17th of March, the defendant Schmaling
was alleged to have gone to Zim-
merman's place and to have offered
a certain dog which belonged to him
and \$10 in cash in exchange for a
horse in Zimmerman's possession. The
latter was alleged to have agreed to
accept the proposal if Schmaling's
horse was found to be sound. With
this understanding, so the plaintiff
claimed, the tentative deal was
made and Schmaling, after leaving be-
hind his steed and the \$10, departed
with Zimmerman's charger and the
remainder and admonition that it was
no trade until the said Zimmerman
should have an opportunity to try out
his new acquisition for a few days.
According to the plaintiff and his wit-
nesses, it was soon discovered that
the Schmaling horse was balky and
otherwise defective and—to cap all—
a "ranger." Dr. John Porschbacher,
one of the expert witnesses which the
plaintiff put on the stand, gave it as
his opinion that the equine in ques-
tion was practically good for nothing
except trading purposes. After jury
after an hour's deliberation, declared
the trade null and void and decreed
that upon the return of the \$10 and
the defective nag to Schmaling, the
good horse should be returned to the
plaintiff. Costs amounting to \$16.81
were assessed to the defendant,
Schmaling.

FOR YOUR SUNDAY DINNER

try the following delightful dessert:
1 cup English walnut meats.
1/2 cup figs, cut up fine.
1/2 cup raisins, cut up fine.
1/2 cup almonds, cut up fine.
1/2 cup JELL-O in a half of boiling
water. When cool and just commencing
to thicken stir in the figs and nuts. Serve with
whipped cream. Delicious. The walnuts,
figs and JELL-O can be bought at any good
grocery. This makes enough dessert for a good

EVANGELISTS ARE
HERE NEXT WEEK

SERVICES TO BE AT METHODIST
CHURCH CONDUCTED BY

PROFS. HART AND M'GANN

Initial Meeting Will Be Held Sunday
Morning at the Cargill Mem-
orial Church.

Beginning next Sunday morning,
March 30th, revival services will be
held at the Cargill Memorial church
by Profs. Hart and McGann. Profs.
Hart and McGann come here from
Shenandoah, Iowa, where they had six
hundred accessions. Before that they
were in Fulton, New York, where they
conducted a most successful series of
meetings.

For the past twenty years Profs.
Hart and McGann have been associ-
ated in this work and have gone from
the Atlantic to the Pacific coast to
gather conducting meetings, all of
which have resulted in marked suc-
cess to their efforts.

Rev. Hart is in the judgment of
those with whom he has worked, the
safest, surest and most scriptural
preacher they have ever heard. His
work and spirit is a magnificent illus-

PROF. HART

tration of his doctrine. He deals fear-
lessly, yet lovingly with the great and
popular sins of the age. In his preach-
ing he is forceful, luminous, and his
delivery is with such force that one
wonders that he can live a month and
work in such a manner. Prof. Magann
conducts the singing, and is a suc-
cessful and enthusiastic chorus leader.
Hart, the preacher is not dogmatic,
but thoroughly orthodox. He reaches
the brain through the heart. His
words come fast and hot from his im-
passioned soul. It might be said that
his sermons are Hart to heart talks.

PROF. MAGANN

As a practical evangelist he has been
most men in this field.

The meetings will continue for
about a month and will be held every
evening in the week except Saturday
evenings. A local committee, appoint-
ed sometime ago, has made propo-
sitions for a large chorus choir, which
will assist at all the meetings under
the leadership of Prof. Magann.

NORTHERN FARMS TO
DEVELOP RAPIDLY

Reports of Tests in Northern Tier of
Counties Show Wonderful
Results.

Madison, Wis., March 28.—The re-
sults of two years' tests with grains
and forage plants on the Iron River,
Ashland and Superior experimental
station farms conducted by the
college of agriculture of the Univer-
sity of Wisconsin are given in a bul-
letin entitled "Grains and Forage
Plants For Northern Wisconsin."

Prepared by Prof. R. A. Moore, and
E. J. Delveche. These experiments
and wide observation made on gen-
eral farms have demonstrated that
certain varieties of certain crops
growth in equally good advantage in
the north as in other parts of the
state. Of the grain crops adapted to
the older section of the northern half
of Wisconsin, barley holds a promi-
nent place. Tests on the station
farms and co-operative tests with
farmers in northern counties indicate
that barley of excellent quality can
be produced, especially when it is
grown on rich loam and clay soils.

As the value per acre of barley in
Wisconsin for 1906, according to the
year book of the department was \$13.
82 as compared with wheat, \$11.73,
and oats, \$11.59, it is evident that
barley is one of the best paying crops

meats have been carried on with sugar
beets at Iron River on sandy soil.
In 1906 a yield of nearly nine tons
per acre was obtained of sugar beets
in which were above the average in
quality. In 1907 the yield averaged
over nine tons per acre, with the av-
erage sugar content 19.38 per cent
against 16.40 per cent the previous
year. The experiment showed that
nitrogen is the one element that needs
to be supplied for raising a good crop
of sugar beets on this soil. From the
results obtained, it seems that the
climate of the Lake Superior re-
gion is especially well adapted to
the growing of sugar beets.

TO CURE A COLD IN ONE DAY
Take LAXATIVE BROMO Quinine Tab-
lets. Druggists refund money if it fails
to cure. J. W. GROVER'S signature is
on each box. 25c

It tells
in the loaf

Gold Medal Flour—in the

sack—looks better than ordi-
nary flour. And it is.

Gold Medal Flour—in the

bread—means finer, richer,
purer bread. Bread that

pleases the palate and gives
strength.

Contains all the nourishment
of the best wheat that grows.

The proof is in the loaf.

Try a sack and see for
yourself.

DOESN'T ONLY RELIEVE BUT CURES YOU OF INDIGESTION

Why not make up your mind now and for all to get rid of your Stomach misery and indigestion.

Nothing will remedy indigestion or sour in your stomach if you will eat one 22-grain Tripepsin of Dipepsin after your meal. This powerful digestive and antacid, though as harmless and pleasant as candy, will digest and prepare for assimilation into the blood 3,000 grains of food.

Eat what your stomach craves, without the slightest fear of a case of indigestion or that you will be bothered with sour ridges, belching, gas, on stomach, heartburn, headaches from stomach, nausea, flatulence, water-brash or a feeling like you had swallowed a lump of lead, or other disagreeable miseries.

If you will get from your pharmacist a 50-cent case of Paper's Dipepsin you

could always go to the table with a hearty appetite, and your mouth would taste good, because you would know there would be no indigestion or sleepless nights or headaches or stomach misery all the next day; and, besides, you would not need laxatives or liver pills to keep your stomach and bowels clean and fresh.

These 50-cent cases contain more than enough to cure the worst dyspepsia, and often sufficient to relieve other members of the family. There is nothing better known for Gas on the stomach or sour odors from the stomach or to cure a Stomach Headache.

The complete formula is plainly printed on these 50-cent cases, and as soon as you read that, you will understand what a blessing you have, as Dipepsin couldn't harm any one.

You couldn't keep a handkerchief or more useful article in the house.

PARENTS GET LETTER FROM MISSING GIRL

Miss Anna Schuh Writes to Mother From Los Angeles Where She Is Sick.

Montreal, Wis., March 28.—Miss Anna Schuh, whose mysterious disappearance two weeks ago today has caused her parents great anxiety and entailed heavy expense because of the search that has been made for her, has been located at Los Angeles, Cal., where she is ill in the ladies' ward of the Y. M. C. A. hospital. This information came in a letter that was written by the missing girl to her mother and which was received here late yesterday afternoon. She asked that she be allowed to remain there as she was promised employment and desired to do something for herself. Her father, Alfred Schuh, the father who has been in Chicago most of the time doing what he could to aid the detectives who have been employed by wealthy relatives to locate the girl, arrived home last evening. The letter gives a satisfactory account of the girl's movements since leaving home, as well as explaining the motive that prompted her going. The family is greatly relieved and very happy in consequence.

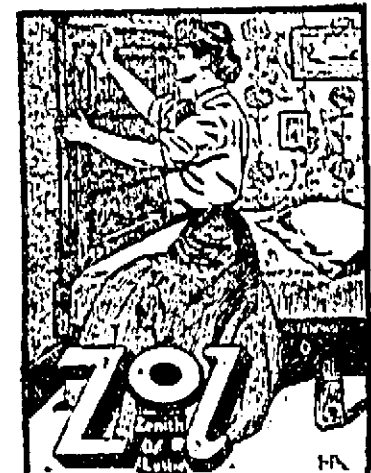

Mrs. Ada Bohm, of Denver, is here on a visit to her parents, Rev. and Mrs. J. H. Berley. She will leave shortly with her sister, Miss Iva Berley, to camp in the mountains in Colorado for the benefit of the latter's health.

Gen. Chas. King, representing the government, inspected Co. H here last evening. This is the general's last inspection tour of the companies of the W. N. T. as he intends to retire from service with the completion of this inspection.

G. P. Erickson, instructor in penmanship in the local schools, is visiting at his home in Whitewater.

Mr. and Mrs. Hugh Lehtenwahr have returned from their winter's stay at San Antonio, Texas.

Calvin Grilith is at Fredericksburg, Ia., buying cows to be sold to Green county farmers.

A New Home Only 35c

The way to get a new home for only 35c is to invest in a bottle of ZOL, Lyon & Healy's Cleaner and Polish for Pianos and Furniture.

Notice how a single drop or two of ZOL will spread out over several square feet of surface, giving it the true piano finish.

ZOL is the formula of the world's largest music house, used by them for cleaning and polishing pianos (in one operation).

It will not eat into the veneer or crack the varnish, and it is not necessary to go over the same place again and again to produce the piano finish. A large bottle of ZOL (full size) costs only 35c. Order a trial bottle today.

Seven ZOL Features:

- 1—Cleaner and Polish Combined.
- 2—Largest Bottle, 8-Will Not Stain (Full Size).
- 3—Safe on Pianos (Full Size).
- 4—Largest Bottle, 8-Will Not Stain (Full Size).
- 5—Largest Bottle, 8-Will Not Stain (Full Size).
- 6—Largest Bottle, 8-Will Not Stain (Full Size).
- 7—Largest Bottle, 8-Will Not Stain (Full Size).

This is a correct report of the circulation of the Janesville Daily and Semi-Weekly Gazette for February, 1908, and represents the actual number of papers printed and circulated.

H. H. BLISS, Business Mgr.

Subscribed and sworn to before me this 2nd day of March, 1908.

JENNIE L. KENDALL, Notary Public.

(Seal) My commission expires Feb. 11, 1911.

OUR SATURDAY NIGHT

The people of Florida have adopted the popular theory that the people are best governed who are least governed, and so a board of five commissioners comprise the legislative body in every county.

There is no township government, as the counties are not subdivided, and a board of supervisors meet once a month at the county seat. They draw the princely salary of \$1 a day, but the limit is \$150 for the year, so that the county government, including supervision of roadbuilding, costs less than \$500 a year.

This board is responsible to no one save the governor, but the opportunities for graft are so limited, and the remuneration so scanty, that but few men care to serve more than one term.

De Soto county, on the southwest corner, has a population of 12,000. It covers an area twice the size of Rock county, but anyone of 20 towns in the latter represents more wealth.

Aracida, the county seat, is in the orange-growing section, and its seven packing-houses ship about 150,000 cases a year. This seems like a good money orange, but when the fact is considered that the grower is satisfied with about one dollar per box, and that this is practically all he has to sell, in the way of farm produce, it places the beet-grower of Wisconsin in the millionaire class.

Punta Gorda is the largest town in the southern part of the county. It has a population of six or eight hundred, half colored. The principal, and about the only, industry is fishing, for it is the shipping point for the passes and inland waters south, and the output last year was 60 million pounds, but this great output brought less money than the tobacco crop of Rock county.

Stringent laws have recently been passed for the protection of fish, and seines and stop-nets are no longer permitted. This will cut off more than half the catch, and put another nail in the Punta Gorda coffin, a tack that is not needed, for the town has been going to seed for ten years, and seems to be on the verge of collapse.

Twenty years ago the "Plant system" extended its railroad from Cleveland to Punta Gorda, and built a four-story frame hotel with 300 rooms, of which John Sweet, formerly of Janesville, was at one time the manager.

A beautiful park, extending from the house to the water front, was laid out and filled with choice trees and shrubbery, and an effort made to compete with Palm Beach, across the state, on the east coast.

Today the park is a tangle of underbrush, the fences have rotted down, the house is gray and dilapidated, and closed for lack of patronage. The railroad moved on to Fort Meyers, 30 miles south, and the northern success went with it and are there today paying five dollars a day for the privilege of fighting mosquitoes on a river 20 miles from the coast.

What is left of Punta Gorda is a single struggling business street and a bad odor of fish. Across the bay, three miles, is Charlotte Harbor, with a pier extending out across the mud and sand bars half a mile to deep water and used during the Spanish-American war, as a cattle dock where vessels loaded for Cuba.

The hotel, in this old town, is open

for the first time in five years, but without patronage. The town, like the rest of the county, has gone to sleep. Oranges hang on the trees and fall off or dry up because they are not worth gathering. One grower shipped his crop a month ago, and realized fifteen cents net per box.

Ninety per cent of the land in the county is uncultivated, and can be bought for \$2.50 per acre, but the purchaser might better put his money into mining stock because it is free from taxes, and he can figure out his loss with less suspense.

The county extends 60 miles north and south, and from the gulf on the west to the everglades on the east, some 80 miles, that famous resort for alligators, snakes and Seminole Indians. The government, by the way, has been induced to spend some of its surplus in efforts to drain this great southern swamp, and engineers are now engaged in the work.

If some way can be discovered to run water up hill the effort will be a success, but the chances are that Alligator Joe and his companions will continue to do a thriving business in reptiles for years to come.

Everything considered, the county is entitled to economical government, and the \$750 paid the board of commissioners, is more of a tax than half a mile of good roads in the town of Clinton.

The state of Florida is not all swamp and waste, for there are some sections which are thriving and prosperous. The little city of Lakeland, in Polk county, adjoining De Soto to the north, is the great strawberry center, where the daily shipment averages 20,000 boxes during the season. Twenty-three cents a box has been the price this year, and the growers have made money.

Hillsboro county to the west, with Tampa as the county seat, where 200 cigar factories and employment, is also a good county. St. Petersburg, 20 miles south of Tampa, is the center of a great truck-garden district, where all kinds of vegetables flourish.

But the few favored localities do not overcome the great waste places. The assessed valuation of all property in the state is about \$100,000,000, which is less than Carnegie has invested in libraries during the past decade.

Southern Florida is noted for climate and indolence. Every day in the winter is a summer day, and plans can be made for an excursion a week ahead, without reference to the weather, for it seldom rains.

The natives all look alike, sallow complexion and wrinkled before their time. They are just as pliable as the weather, and can usually be depended upon to keep an appointment at any time during the day if not too early in the morning.

A young businessman, who has always lived in the extreme south, said the other day: "I never saw a snow storm," and then asked: "If the storm scene in 'The Wizard of Oz' was anything like a northern blizzard."

If these people could spend a few months every year in the bracing atmosphere of the north, it would prove a tonic which might materially change conditions, but the colored brother is the only southern contingency who ever migrates.

The northerner turns away from the sunny south, after a winter's sojourn, with a deeper sense of appreciation, and even much reformed Wisconsin seems a paradise in many respects.

The name of Horace Greeley will always be associated with the west, for he recognized its great possibilities half a century ago and advised young men to "go west and grow up with the country," but it would require a wiser man than Greeley to offer the same advice to young men concerning the extreme south.

This section of the country is growing the wrong way, and if there is any great future for it, it has not yet been discovered. The interior of the state is practically uninhabited, and the young men along the coast are mostly fishermen or boatmen.

They are satisfied with incomes of three or four hundred dollars a year and employment is not at all certain. The principal revenue, in many of the towns is derived from northern tourists, and the hotels are largely in the hands of northern men, who are so thrifty that they soon discover the

art of charging five dollars a day for a two dollar house.

The north is better for a steady diet, and with all its storms and blizzards, offers many inducements which the south will never possess.

GOSSIP ON LAWS OF BUILDING ROADWAYS

What the Statute Provisions Are Relative to Construction of Rural Roads.

"When the county board had decided to continue under the old law as recommended and amended by chapter 457, 1907, they proceeded to carry out the requirements of the law.

Most of these were mandatory. Section 131-15 says the county board shall at its next annual session elect a county highway commissioner. This was complied with.

Section 131-16 says: "The county board shall . . . designate a system of prospective county highways," etc.

Section 131-11 commands the county board to "Cause to be made an outline map of such county system of highways," etc. These two sections were also obeyed.

Section 131-12 says the county "shall at the next annual meeting of the county board . . . levy a highway tax not to exceed three-fourths of a mill on the dollar," etc. By referring to this section published in full in the Daily Gazette of March 18, '08, it will be seen that the maximum is limited to three-fourths of a mill—no minimum is fixed. The county board complied with this law by making a levy of three-tenths of a mill (30 cents on a thousand assessed valuation), this fund amounting to \$15,000 is now in the county treasury.

Section 131-13 requires the county treasurer to set aside ten per centum of the amount of this tax for a county highway repair fund, etc.

From the foregoing it will be seen that the county has done its part towards establishing the new system of permanent road improvement, and it now remains for the towns to avail themselves of its provisions or not as they choose.

We have seen that the law is mostly mandatory as to the requirements of the county, but elective with reference to the towns.

Section 131-14 says "the electors of any town . . . may vote a special highway tax not less than 1/10 mill nor to exceed 2 1/2 mills on the dollar . . . for the purpose of covering any main traveled highway . . . with gravel or stone," etc. That is, if a town with an assessed valuation of say \$12,000 elects to vote a special highway tax they can choose any amount from 50 cents on a thousand up to 2 1/2 cents on a thousand, or \$200 minimum to \$2,000 maximum.

The county cannot be compelled to give more than \$2,000 aid to any one town in one year—see section 131-11.

Section 131-15 further provides that if the aggregate sum asked for by the several towns shall exceed 3 1/2 mills on the dollar of the assessed valuation of the county, then each town shall share proportionately as to the several amounts asked for. Three-quarters of a mill (75 cents on the thousand) valuation of Rock county, \$55,000, is \$3,375. If the twenty towns in the county should demand the limit, \$2,000, the aggregate

amount would only exceed the 3 1/2 mill limit for which the county is liable to the demands of the towns by \$25.

While the township can not vote a special tax of less than 1/10 mill on the dollar, they are not compelled to expend the whole amount of the tax during the year, as there is no minimum limit to the length of road to be improved they can call for aid for a mile, half mile or quarter mile, according to the requirements of 131-12. A graveled road 8 feet wide and 8 in. deep will cost from \$3.50 to \$5 per rod, according to distance of haul of material. One-half mile of this kind of road at \$5 per rod would cost \$800, the town's share \$400 if the town's minimum was \$500 the balance of the \$600 must be returned to the town. See section 131-22.

BROTHERHOOD HELD MONTHLY MEETING

Presbyterian Men's Brotherhood Enjoyed Regular Banquet and Program Last Night.

Last evening in the parlors of the Presbyterian church the Men's Brotherhood held their regular monthly meeting and banquet. The subject of the evening which was taken up after a beautiful fish dinner had been partaken of was Railroad Regulation. A. L. Fisher gave a paper on the general subject of railroad regulation by the state and federal governments. Mr. George Metcalf spoke on the regulation of passenger rates and L. E. Torry on the regulation of freight rates. A. A. Jackson delivered a talk arguing in favor of letting the railroads conduct their own business and Mr. Worrell, of the engineering department of the North-Western road, spoke on the relation of the laboring man to the railroad. There were also numerous other miscellaneous talks by others who were present and a good deal of interest was aroused by the discussion and the ideas advanced.

The next meeting will occur on the first day of May and it is expected that Nathan H. Best of Chicago, editor of the "Interior," will be present and speak.

OBITUARY.

Thomas F. Heagney

The mortal remains of the late Thomas Heagney were tenderly laid to rest this morning in the Mt. Olivet cemetery. The funeral services were held this morning at nine o'clock in St. Patrick's church, the Rev. J. J. McGinnity officiating. Three of the pallbearers were chosen from the Knights of Columbus, of which Mr. Heagney was a member, and three were railroad men with whom he had associated. They were James Morris, M. J. Stead, W. Smith, A. M. Crowley, J. F. Palmer, and Joseph Conley. A large number of railroad men and other friends of the deceased attended the funeral of the deceased to pay the last tribute to him. The floral offerings were especially beautiful.

Not Drifting

There is such a thing as drifting in business and professional life. Just drifting along day by day, taking things as they come. Such a course does not get a man anywhere except nearer to the poorhouse. Dr. Edwards in his dental work is not a drifter.

He has a definite policy.

He works towards an end.

That end is

To please his every patient just a little better than his competitors.

Does this policy win?

The facts are, his dental practice has grown during the last seven years until he has by far the largest dental business in Janesville.

Good work will win out.

Vigilant effort to avoid hurting also wins out.

Reasonable prices ought to appeal to your better judgment also.

Try him for your next dental work, and you too will be convinced that he makes good.

Concerning Boreds and Frumps.
With women the boreds are the over-educated and the frumps are the over-dressed. Too much of a good thing is always bad.

Dr. P. A. Lindahl Passes Away.
Rock Island, Ill., Mar. 28.—Dr. P. A. Lindahl, president of the Augustana Book concern, editor of the Augustana, a Swedish publication, and for a long time a director of the Augustana college, died Friday of heart disease, aged 60 years.

Outrage by Night Riders.
Hopley, O., Mar. 28.—The residence and barn of John Osborn, at South Hopley, half a mile below here on the Kentucky side of the river, were destroyed by night riders Friday night.

START PETITION IN HIGH SCHOOL

FOUR HUNDRED HIGH SCHOOL STUDENTS SIGN IT.

FAVOR THE PROPOSED PARK

Monster Petition in Favor of Purchase of Proposed Mitchell Property.

Yesterday afternoon the students of the high school held a mass meeting at which a petition was circulated addressed to the citizens and voters of Janesville asking for a favorable vote on the question of purchasing the Mitchell property and converting it into a park. Leo Atwood spoke to the school and gave the reasons making it advisable in his opinion to favor the purchase, after which the petition was circulated and signed by practically the whole school. The petition is as follows:

"To The Citizens And Voters Of Janesville:

"We, the undersigned members of the Janesville High School, desire to express our feeling regarding the acquisition of the Mitchell property as a recreation park. In view of the fact that our high school has no adjoining, or convenient space for outdoor recreation, and realizing the fact that outdoor physical training is generally recognized as important in a system of education, we desire to express our appreciation to the Common Council for their action in submitting to a vote of the people the purchase of the Mitchell property and to urge the voters to endorse their action at the polls.

"We believe that this property will make an ideal recreation park for all the people in this part of the city who are anxious for the opportunities of outdoor physical recreation. We believe that the High School students, who are now members of the school, will receive large benefits from the opportunities offered by the park, but the benefits to the future students will be far greater than to ourselves, because of their having the benefit of longer use of it.

"We, therefore, signify to the voters of our city our desire for the privileges of this recreation ground. We are sure we voice the sentiments of the future membership of the school who we express in advance feelings of gratitude and appreciation in their behalf.

"May we wish for a favorable verdict at the polls in April by the citizens who have already done so much to make our school environment nearly ideal.

"We present this request in a spirit of genuine appreciation for past consideration for our welfare, and we are actuated by motives both the kindest, when we point out our great needs in the realm of outdoor recreation and exercise."

Plan Before Council
An order directing that the question of the purchase by the city of Janesville at a cost not exceeding \$15,000 of the piece of real estate known as the Mitchell property and bounded on the north by West Milwaukee street, on the east by Academy street, on the south by Pleasant street, and on the west by Madison street, and same to be converted into a public park, be submitted to a vote of the people on election day, came up before the Common Council at the meeting held on February 17th and was passed with one dissenting vote.

At that time Dr. C. G. Dwight, president of the Park and Pleasure Drive Association, spoke to the council. He called attention to the fact that the property, as it stands, is practically unimproved; that it is the last plot of ground available for a park in that quarter of the city and will be sold for a lumberyard or factory site if the city misses its present opportunity; that the owners, the Messrs. Joffris and Mount, had agreed to throw off \$2,500 from the original price of \$17,500; that there are two schoolhouses in that locality without any playgrounds; that 100 taxpayers whom he had personally interviewed wanted something of the kind there; that the Park and Pleasure Drive Association stands ready to improve the property and has the money in sight, if the city will buy it; that the city is growing and if it is going to have proper park facilities, it must secure them now. His remarks were seconded by Mayor Hodges, who said that what property he owned was largely located in the fifth ward; that he thought nothing would more materially benefit the city than an attractive park near the depot, especially when the fact was taken into consideration that there was no public reading place on the west side excepting the one way down in the fourth ward.

LOCAL PARAGRAPHS.

See Ellsworth's announcement in another column.

Use Taylor's Solvay coke.

Visit our carpet and rug department and inspect our new spring line of carpets, rugs and curtains. Now patterns arriving almost daily. Pick out your rugs or curtains now. We will keep them until you want them. Our prices you will find the lowest in city.

T. P. Burns.

Mrs. C. A. O'Brien announces an opening of spring and summer millinery Wednesday, April 1st, continuing balance of week.

The men's meeting at the Y. M. C. A. Sunday afternoon is growing in interest and popularity. An opportunity is always given for those who wish to voluntarily speak expressing their thought of the subject. There being a growing desire for men to interest themselves in the stronger moral life of the community in which they live has been proven on many occasions at these Sunday meetings for men. Allen Dinsmith will speak tomorrow at 3 p. m.; subject—"A Christian Man." Every man in the city is cordially welcome.

Another shipment of new spring suits and coats received today. Don't fail to call and see them. These are entirely new and exclusive styles in all the new spring shades at exceptionally low prices. T. P. Burns.

The Odd Fellows will give a dancing party at the East Side Odd Fellows' hall Wednesday evening, April 1st. Friends of the order welcome. WANTED—At once, at Gazette office, clean, good sized, cotton rags for wiping machinery.

VOTING MACHINES TO BE USED ONLY FOR CITY TICKET

Party Ballots Will Be Used for Naming Delegates to Presidential Conventions—Key to Republican Ballot—Save It.

Voting machines will not be used, so far as delegates-at-large and district delegates to the party conventions are concerned, at the forthcoming election on Tuesday, April 7. Voters in each congressional district are to register their choice of four delegates-at-large and two district delegates.

The democratic ticket will present no complications, but the republican ticket, with Taft and La Follette candidates lined up alphabetically and not according to their affiliations will puzzle the voter who is not in close touch with the men and what they stand for. The ballot will instruct him only to vote for four of the eight whose names are submitted as candidates for delegates at large and two of the four who are in the field for election as district delegates. If he marks crosses after the names of more than four and two, respectively, his ballot will be thrown out, as imperfect, by the election inspectors.

Voters should not only remember that their duties are not completed when they have finished with the line-up of candidates and questions on the voting machines, but for ready reference when it comes to voting for these presidential delegates, they should cut out and keep the subjoined list which shows the names just as they are to appear on the ballot with the addition of classifying initials. (T) for Taft and (L) for La Follette, which WILL NOT appear on the ballot. Here is the list:

Delegates at Large
William Charles Brumder.....(L)
Henry Allen Cooper.....(L)
John M. Estes.....(T)
Hiram O. Fitch.....(T)
Adolph E. Hamstad.....(T)
Atley Peterson.....(L)
Isaac Stephenson.....(L)
Frederick C. Winkler.....(T)
District Delegates
Henry D. Barnes.....(T)
H. C. Martin.....(L)
Peter H. Nelson.....(T)
Perry C. Winkler.....(L)

NEW RURAL ROUTES ARE A NECESSITY

Interesting Meeting of Residents of County Who Do Not Have Routes This Afternoon.

Residents of a number of districts of the county not directly on rural routes held a meeting at the assembly room, city hall, this afternoon to arrange definitely for forwarding diagrams for requested changes and additions to the present rural service. There were represented people on nine routes in the county and each person supplied himself with petitions and map sections to prosecute the work with all speed possible. Every resident not now enjoying free rural delivery should make it a point to sign petitions and furnish information to the postoffice department at Washington, as to their requirements. Blank petition forms and map sections will be supplied by the Gazette to those desiring them. There should be at least four new routes added in the county and if the original estimate of the county's needs were filled there would be eight additional routes. These would give service practically to every resident of the county.

CURRENT ITEMS.

Talk Interurban: Joseph Ellis, the consulting engineer of the proposed Janesville-Madison Interurban has been the recipient of offers of free right-of-way for the road by persons through whose land he was making a preliminary survey. Several residents of Edgerton and Mount Pleasant offered the company free right-of-way through their property if they desired.

Knights of the Globe: The Knights of the Globe will hold a special meeting at the Spanish War Veterans' hall Monday, March 30. The Knights will hold a meeting in the afternoon at two o'clock, when they will initiate a class of fifteen. A supper will follow at six-thirty and the Sir Knights will initiate a class of twenty in the evening. The rank staff from Precept will do the work for the Sir Knights and the staff from Deloit will do the work for the Ladies' Garrison. Some of the head officers will be here from Precept.

Tax Sale Today: Tax certificates for about 35 pieces of city property were disposed of at the annual city sale conducted in the office of Treasurer James A. Patters, beginning at 1:30 this afternoon. Within a fortnight fifteen delinquents have redeemed their holdings by the payment of taxes, costs and charges. Those, against whose property certificates have been issued, still have a chance to redeem by paying all the charges and six months' interest at 15 per cent.

Attention, F. & A. M.: All members of Western Star Lodge No. 14, F. & A. M., are hereby notified to appear at the monthly meeting at 7:30 o'clock sharp tomorrow (Sunday) morning. T. P. Matthews, W. M.

Roller Skates for Face: Frank Smith was punished for the theft of a quantity of metal at the Myers House four years ago, appeared in court this morning to answer to a charge of drunkenness. There was a deep cut across his nose besides the scar of an old one which ran way across his left cheek. "It is my misfortune that they do not make rollerskates for the face and that I cannot walk on it," he remarked to Officer Champlin. Smith was fined \$2 and costs but sentence was suspended in order to permit him to resume work south of the city. Along with some other railroad men he was temporarily laid off on Wednesday, pending the arrival of a quantity of gravel, and this account for his fall from grace after long absence.

Judge Grimm Coming Monday: Judge Grimm will be in the circuit court chambers between 8:30 and 10:30 Monday morning, departing thereafter for Monroe.

JANESVILLE UNION SOCIETY OF EQUITY

Held a Meeting at Y. M. C. A. Building Today—About Sixty Present—Assemblyman C. A. Cernahan Spoke.

Some sixty members of Janesville Union No. 433 of the Wisconsin Tobacco Growers' Branch of the American Society of Equity assembled at the Y. M. C. A. auditorium this afternoon to take up a number of matters of general interest and listen to a most interesting address delivered by Hon. C. A. Cernahan of Eau Claire, chairman of the state committee on legislation. President U. H. Hughes of this city was in the chair and C. E. Johnson acted in his capacity as secretary. Mr. Cernahan spoke at length on the benefits to be gained by the organization, pointing out the needs of keeping careful watch on the markets and the expenditures of the people's money at Madison and citing some extravagant cases such as the large expenditures for the university and the proposed medical school. Merchants who realized that farmers would be ruined if present ruinous economic conditions should be allowed to continue, would find it to their interest to aid them in perfecting such a society as the one represented. For the end of prosperity of the farmer means certain and quicker bankruptcy for the merchant.

PERSONAL MENTION.

W. G. Palmer, formerly of Janesville, now of Milwaukee, is in the city. Mr. and Mrs. T. Cunningham are rejoicing over the arrival of a baby girl. Mrs. A. W. Storm and two children have returned from Milwaukee, where she visited her sister, Mrs. G. D. Simonds.

Landlord G. E. Luce of the Palmer House at Fond du Lac and wife were visitors in this city last evening. Miss Laura Colman of the high school faculty will spend the spring vacation in Milwaukee.

The Messrs. Maude C. Blodgett and Suddie B. Ives of Sharon and Mahel Terry of Brookfield were Janesville visitors last evening.

William W. Watt is confined to his home by a malady which has seriously affected his eyes.

D. W. Klefe of Sharon was in the city last night.

Mayor Stewart R. Hodges is transacting business in Chicago.

W. Melhus and C. E. Sweeney were here from Edgerton yesterday.

F. G. Gordon of Milton was a Janesville visitor yesterday.

Frank Moser, Jr., and L. M. Bennett were here from Madison last night.

John E. Hollman of Rockford transacted business here today.

V. P. Richardson left yesterday for an extended trip in the south and west.

Arthur Compton of Davenport, Iowa, was in Janesville yesterday.

George Kimball returned this morning from a three weeks' trip in the west.

Judge Grimm and Circuit Court Reporter P. C. Grant returned this morning from Monroe.

Miss Dorothy Wheelock of Rockford is visiting at home Mrs. F. C. Grant.

Miss Marion West, daughter of Prof. A. P. West of the high school, is a Janesville visitor.

Douglas McKee is home from the University for over Sunday.

W. D. McKee and daughter Josephine of Chicago are visiting Mr. McKee's brother, George McKee, of this city.

Miss Sarah Sutherland, who has been visiting her grandfather, David Sayre of Fulton, returned to Janesville this morning.

Miss Josephine Trent left this morning for Chicago, where she will visit for a week.

Miss Ethel Sayre is in the city visiting relatives.

Prof. Bahr of the high school left for Chicago this morning.

A. E. Matheson went to Madison today.

Mrs. E. E. Van Pool and Mrs. M. J. Plumb received news yesterday of the critical illness of their mother, Mrs. Robert Smart at the home of her son, Judge C. A. Smart of Ottawa, Kansas.

Mr. and Mrs. George R. Parker go to Chicago on Monday for several days.

PUBLIC REHEARSAL TUESDAY EVENING

Janesville Symphony Orchestra Will Give a Program at Congregational Church.

On next Tuesday evening at the Congregational church the Janesville Symphony Orchestra will give a public rehearsal. Miss Ellen Crandall will act as the leader and a good program has been prepared. The orchestra is composed of the following persons: Conductor—Miss Ellen Crandall; pianist—Mrs. F. F. Lewis; first violin—Miss Madge Wilson, Miss Wilma Saverhill, Miss Wilma Daines, Mr. Oscar Halverson, Mr. Howard Clithero, Mr. Arthur Pateles; second violin—Miss Edith Saverhill, Miss Edith Turner, Miss Jennie Cleland, Mr. Robert Dobson; violin—Mr. Truman Crandall; cello—Mr. F. F. Lewis; bass—Mr. F. G. Wolcott; alto—Miss Phoebe McManus; cornet—Mr. W. W. Branson; clarinet—Mr. Carl Davis; trombone—Mr. George Reynolds; drums—Mr. Frank Phelps.

Miss Spooner will give two readings and there will also be several solos. The program in full is as follows:

Overture—Poot and Pasant...Suppe Orchestra.
Love Song—from a day in Venice...Novlin Orchestra.
Reading—The Beggar at the Opera...Miss Spooner.
Tarantelle—Violin Quartette...Hellebringer.
Miss Crandall, Miss Wilma Saverhill, Miss Wilson, Miss Wilma Daines.
Ariette—Cello Sol...Pabst.
Mr. Crandall and Orchestra.
Vocal Solo—Love's Springtide...Hammond.
Mrs. Chas. Knoff.
Intermission.
Three Dances—from Noll Gwyn...Gunn.
Orchestra.
Violin Solo—Concerto in A Minor...Accorby.
Miss Edith Saverhill.
Reading—A Sisterly Scheme...Miss Spooner.
On Guard—Cornet Solo...Dunlap.
Mr. Branson and Orchestra.
Vocal Solo—Impatience...Schubert.
Mrs. Knoff.
A Jolly Fellowship Waltz...Velleat.
Chorus March...Loery.

FAIR TALK MEETING WITH APPROVAL OF

Farmers Throughout the County Generally—Want Matter Pushed and Fund Raised.

Talk of holding a fair in Janesville this coming fall is still being earnestly talked by many of the farmers who have been in the city this past week. Several have signified their intention of taking one or more shares of stock and hope that the matter will not be dropped. Following out the idea suggested at the mass meeting, that the association should own the grounds, there is much talk with this in view. The amount of money necessary for this, however, would mean raising considerable more than was at first contemplated and may be a decided hindrance to the plan. Chairman Putnam believes his committee will be able to report decided progress in a day or two when a second meeting may be held.

BROODHEAD

Broodhead, March 28.—A mass meeting under the auspices of the Anti-Saloon League will be held in Broodhead's opera-house on Tuesday evening next. Rev. Banchoff of Plattville will address the meeting. All are invited to attend.

Mrs. J. C. Penn of Monroe was the guest on Tuesday of Mrs. Wm. Corleyton.

Mrs. Ned Bowen and daughter, Miss May Bowen, visited in Janesville on Friday.

Next Sunday morning Rev. Foster of the M. E. church will speak from the subject: "Thomas Hath Forsaken Me, Having Loved This Present World."

R. P. Hutton of Milwaukee, secretary of the Anti-Saloon League, will give an open-air address on our streets this afternoon and evening, weather being favorable. On Sunday morning he will speak in the Congregational church. In the evening he delivers the address at a men's meeting in Broodhead's opera-house, all the churches uniting. You are invited.

The infant child of Mr. and Mrs. Christ Riese of Spring Grove died on Monday of pneumonia.

Ed. Walker of Holok was the guest of Broodhead friends Thursday night.

Arthur Woodhull of Plattville was a Broodhead visitor Thursday night and attended the Good Templars' convention.

The Senior class of the high school are making preparations to put on a class play.

Mac, the hypnotist, is meeting with good success here.

Mrs. Ed Copple was a Janesville visitor on Friday.

Mrs. Sherman Hopkins left yesterday for her home in Verdun, South Dakota, after an extended visit with Broodhead relatives.

Mrs. Mame Barber of Chicago is the guest of her mother, Mrs. H. Stahl and family.

Mrs. Chester Freeland of Rockford returned to her home yesterday after a visit with her parents, Mr. and Mrs. John Henry.

This section of country was visited by a fine rain on Friday evening.

BRIEF LOCAL NEWS.

Boathouse Adrift: One of the boats above the upper bridge was washed loose by the rain last night and has floated down and lodged against the upper bridge.

History Class: The Woman's History class held their regular bi-weekly meeting at the High School this afternoon.

On the Road Again: Wemyr Willes have again started on the peregrinations this past week or so. A large number pass through here every day and numbers of them are hanging about the railroad yards all the time waiting for trains. Most of these hoboes are on their way to Baraboo to travel with the Ringling circus and the rest are headed for Chicago where political campaigns offer them the means of picking up a little stray cash and free board.

Marriage License: Application for a marriage license has been filed for Albert O. Cox and Olive F. Price, both of Indian Ford.

The Aldrich Bill

is designed to furnish a supply of currency for the National Banks in case of such emergencies as the country has recently passed through. This bank has for years carried \$25,000 of unissued National Bank currency in its vaults and it now has \$74,500 in unissued notes which it may put into circulation at any time. This in addition to the regular legal reserve required by the National Banking law, give us total cash resources of \$237,000.

Alleged Defalcation of Pittsburg Bankers Now \$1,105,000.

Pittsburg, Pa., Mar. 28.—Henry Reiber, paying teller, and John Young, auditor of the Farmers' Deposit National bank, late Friday were taken to the office of United States Commissioner W. T. Lindsey, for arraignment on additional charges, filed against them by Bank Examiner William T. Folds. The charges filed increase the total of the alleged defalcation to \$1,105,000.

The accused waived hearings and the bond of each was fixed at \$250,000, in default of which they were returned to jail, where they have been confined since their arrest Monday night, charged with the embezzlement of \$35,000.

BANK ROBBERS TAKEN.

Companions of Man Who Blew His Head Off Captured.

Neosho, Mo., Mar. 28.—Two of the bank robbers who on the night of March 25 attempted to blow open the safe of the Springtown (Ark.) bank were captured here Friday afternoon by local officers. They were camped near town and when surrounded by the officers attempted to throw away their tools, but were caught in the act. They gave their names as Harry Black and Jim Wren. The captured robbers admitted the attempt on the bank, and said the man whose head was blown off in a premature explosion in the bank they were trying to rob was J. H. Stanley.

Home for Aged Miners Planned.

Des Moines, Ia., Mar. 28.—A home for aged and needy town coal miners probably will be established this year and Des Moines is the probable location for the institution. The sentiment in favor of this project appears to have grown rapidly, and when the question is resubmitted this year it probably will be carried by a large majority.

Judge Not.

Can a being who is not wholly without sin also thoughts and admonition to others? Test your own heart? What are you yourself? See, my hands are rough with work—I have not merely rubbed them in prayer.—Auerbach.

Plaintiffs' Attorneys,
at 10 o'clock.

COLD PIANO FACTS

Paderewski in an interview accorded a newspaper man recently, said, "Frederick Stock is a man America should appreciate, for not only is he a great director, but he knows music with a bigness and thoroughness of grasp and he is a splendid composer." What has this to do with the Bauer piano? Simply this, that the Theodore Thomas Orchestra is composed of men who are masters of tone, and the majority of these men bought Bauer pianos for use in their homes and studios, and paid for them just as you would, when they could have had their choice of other makes simply by giving a testimonial and not paying one dollar. Among these great artists who put their cold cash into Bauer pianos instead of accepting other famous makes free, are Frederick Stock, director; Mr. Ulrich, manager; W. Woollett, Paul Schouslin, Bruno Kuehn, R. Sedel, W. Unger, and many others.

Julius Bauer & Co. make no use of testimonials. For half a century they have been making the best piano in the world and marketing it without resorting to any of the schemes or tricks of the trade. I believe that in the Bauer and Schiller pianos I have the strongest team that ever came down this pipe. 20,000 Schiller pianos are telling their own sweet story in the homes and institutions of America, and I have yet to learn of the first case of dissatisfaction.

Following are the names of a few of my customers, the rest of the list can be seen at my office:

W. T. Sherer, Archie Reid, D. J. McLeay, James Sherer, I. M. Holsapple, A. N. Glendon, J. K. Jensen, Chas. Gray, H. P. Schenck, W. J. Fitzgerald, C. A. Sanborn, Geo. A. Jacobs, W. S. Davison, B. J. McGavock, M. J. McCue, John Glendon, O. W. Bunkle, Carl Miller, F. S. Brown, Mrs. M. A. Cox, Aug. Broege, Henry Koechlin, Good Temp. Lodge, Deloit, F. H. Inman, John Wood, Mrs. A. Schopf, Catherine Smith, Henry Mills, Henry Pratt, Mrs. E. K. Tuttle, A. O. Sturrock, John Thorne, D. Schockley, F. McGulley, A. H. Feiler, Geo. Hinkson, H. Thiede, N. E. Hild, A. P. Kenyon, A. W. Cameron, A. L. Ford, E. P. Juchnik, Anton Seutok, H. Hanson, A. Kohn, Mrs. John Engstrom, F. C. Everett, J. A. McLean, Mrs. A. Butta, C. E. Baker, T. M. Fitzgerald, W. T. Dobson, J. L. Kelley, E. C. Rekart, G. A. Peterson, P. Yaghi, John Piper, Wm. McKee, Geo. Townsend, Mrs. B. Collins, P. Tracey, Jno. Hallinger, Chas. Brandt, H. Schiefelhelm, A. F. Berisch, Chas. Tyrrell, C. Hanson, J. B. Hubbard, J. E. Scholten, C. E. Lamm, W. H. Hart, A. N. Smith, Miss Lucy Hart, Nels Fosdahl, A. G. Mader, Miss Abbie Atwood.

This list is too long to publish in full. I am selling pianos on such a close margin, cannot afford to pay out much to the printer. Other piano companies offer to pay my advertising if I take on their line, but I decline all offers and prefer to stick to the Bauer quality. No matter what piano you buy on trial, or how big a bargain is offered, see me before you buy.

...Clearance Sale of Furniture...

One of Our Big Leaders Has Been Mattresses.

We are headquarters for the best mattresses made, and felt mattresses are the best. Have you bought one? There are but two days left of this sale, and a whole year will pass before another such a chance is offered you. Our line is complete, and all goods received this month are in the list of cut prices. We have plenty of Iron Beds at \$1.50 and up. Cane seat, nicely finished chairs, at 85c each. Our full line of Go-Carts and Baby Carriages are now ready, with a nice cheap folder at \$1.75. For two days more, any couch in stock, your choice at \$13.00. Now is the time to buy, so do not let this opportunity pass. If you have any goods to re-upholster, or cushions to have made, leave your order now. We guarantee all work and will do it promptly.

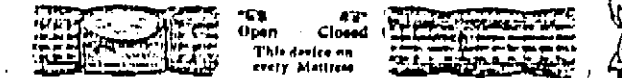

Come in and let us show you

THE STEARNS & FOSTER

Look for our name MATTRESS on every Mattress

The inside of the very mattress you buy. In buying the "STEARNS & FOSTER" you are absolutely safe against any insipid admittance, such as "BLODDIE" old clothes—"MILK SWEEPINGS," etc. Such stuff is not only worthless but unfit for any person to sleep upon, if they value their health. The original "Laced Opening" on all Stearns & Foster Mattresses allows you to see WHAT'S INSIDE.

The liberal guarantee of The Stearns & Foster Co. secures you the return of your money in full, if, at any time after purchase, the next day, or twenty years later, you open the mattress, ANY PLACE, and find the Cotton any different from that shown at the "Laced Opening."

The "WEAVING PROCESS" employed exclusively in all STEARNS & FOSTER Mattresses makes them the most comfortable—up-to-date—mattress that can possibly be made, several styles—all sold at the LOWEST PRICES possible to sell honest mattresses.
